# JOIN TOGETHER AS A COMMUNITY IN RAINWATER HARVESTING AND HOME COMPOSTING

**Did you know**  
that one inch of rain  
falling on a 1,000 sq. ft.  
roof harvests up to  
600 gallons of rainwater  
for use on your lawns  
and gardens without  
turning on a tap?

**Did you know**  
that having 1,000  
residents in your  
community, actively  
composting would  
divert 600,000 lbs of  
organic waste from  
going to local  
landfills per year?

**Join us,  
Saturday, April 10, 2010  
9 am - 3 pm**

**SYSTEM Rain Barrels and  
Earth Machine™ Compost Bins**

will be available in the parking lot  
of the following location:

**3301 East Michigan Avenue  
(outside of Dunham's Sporting Goods)  
Lansing, MI**

For more information about this event,  
please call (517) 483-4400,
